

The 1st Circular of the 4th Korean-Japanese-Chinese Students Workshop, Oct. 29 ~ 30, 2008. Pusan National University, Miryang, Korea

Dear colleagues!

It is a great pleasure for us to invite you attending the 4th KJCS Workshop. It will be an opportunity for faculties to exchange current academic and research issues in the field of nanotechnology as well as *for students* to present their research works in the international meeting. We all wish this meeting will be a cornerstone to develop academic friendship between three Sino-Japanese-Korean universities.

Outline of Workshop

In Oct. 29 ~ 30, the 4th KJCS Workshop will be held at Pusan National University, Miryang campus. 19 student speakers from three countries will present their works for 15 minutes (including 5 min Q&A session).

SCOPE

This workshop will cover the following topics:
Nanomaterials, Nanodevices and system, Nano-medical engineering.
